

# English Cottage

Artist: Marjorie Hall Bicker

Location: North Main Street, Island Park

The Island Park restrooms (aka, English Cottage) were sponsored by the Winfield Soroptimist Club. The building was painted during the fall of 1998, and repainted in 2010-2011. Some of the ideas for the paintings came from passers by. When a young boy stopped to watch the artist paint the pie in the window, he suggested it should be blueberry, and so it is! This is an ongoing project as more flowers “grow” and animals “arrive”. Looks can be deceiving as the only real thing is the white door with no windows.
